WHAT IS OA?

OA is a fellowship of individuals who, through shared experience, strength and hope, are recovering from *compulsive overeating*. We welcome everyone who wants to stop eating compulsively.

IS OA FOR YOU?

Only you can decide that question, no one else can make that decision for you. We who are now in OA have found a way of life that enables us to live without the need for excess food. We believe that compulsive overeating is a progressive illness, one that, like alcoholism and some other illnesses, can be arrested.

Remember, there is no shame in admitting you have a problem; the most important thing is to do something about it.
